Discover the Taste of Miyagi

Miyagi Prefecture is located in the northeast region of Japan along the Pacific Coast making it home to some of the best seafood in Japan.

In addition to the seafood products that will be sold, other featured items include Kawaguchi natto soybeans, Umen noodles, saba (mackerel) chips, miso-covered soybeans, Hitomebore rice and more!

Musubimaru is Miyagi Prefecture's mascot. His head is in the shape of a Japanese rice ball (musubi in Japanese) and his moon-shaped armor is a replica of the armor worn by Miyagi's famous feudal lord, Date Masamune.
