

Message for “ACT for Japan”

March 9, 2014

In the three years since the Great East Japan Earthquake, Japan has been recovering from the disaster to rebuild Tohoku and revitalize the country as a whole. There are still challenges, but Japan is making great progress.

With the longstanding support from friends all over the world, including all of you, we are looking ahead and making efforts to improve and grow. We sincerely appreciate your dedication to standing by us. As we move forward into a brighter future, Japan will continue to play an active role in the international community.

The bond between our two countries runs deep. Thank you for your ongoing support and for joining us today to remember the past and prepare for the future.
